

▶ Outsourcing Services

At Spinitar, we have the capacity to outsource our technical professionals to help support and manage the day-to-day operations of your company's audiovisual hardware, software and presentation equipment, directly on-site at your office location(s). We can also make our technical support expertise available to you at a moment's notice, providing you with both peace-of-mind and security in knowing that your audiovisual equipment will continue to operate at its maximum potential.

Top 5 Benefits of Outsourcing Audiovisual System Support

- Dedicated System Personnel → Outsourced personnel are trained on system functions and can manage system operation for your organization, saving you time, money and resources
- Immediate Reaction Time → Outsourced personnel are instantly available on-site to diagnose and troubleshoot system problems and can prevent future issues
- Multiple Layers of Support → Outsourced personnel have Spinitar's technical support teams immediately available as an additional support resource
- Convenient Parts Availability → Outsourced personnel have quick and convenient access to spare parts on-site, ensuring maximum system uptime and reliability
- Peace of Mind → Outsourced personnel are manufacturer-trained and industry-certified to manage audiovisual equipment on-site and ensure that rooms are set up and configured prior to use

Spinitar is a leading systems integration company dedicated to providing its clients with custom audio, visual and information technologies, solutions and services. Our solutions can be found in many applications, including classrooms, universities, boardrooms, command and control centers, and many more.
