

## GSA Contract # GS-03F-0001P

CMAS # 3-10-58-077G

CAGE # OHUC8

Spinitar is pleased to offer product and integration services through our U.S. General Services Administration contract (GSA) for our federal customers and California Multiple Award Services Contract (CMAS) for our state and local government agencies. Our GSA/CMAS Mission is to provide a GSA/CMAS schedule that will bring Government customers and solutions together, by making the choices simple and the process seamless.

Local, state and federal government facilities and organizations rely on Audio, Visual and Data technology solutions that provide mission-critical, 24x7 up time and operations. With more than 25 years of experience in systems integration, Spinitar is committed to improving military operations through strategic design and development of integrated mobile military communication systems allowing you to collaborate in the field or between bases.
