GSA 1122 PROGRAM

ALLOWS LOCAL, STATE, PSEUDO GOVERNMENT AND NON-FEDERAL GOVERNMENT AGENCIES TO ACCESS GSA SCHEDULES FOR TURNKEY PROJECTS

GSA Contract GS-03F-0001P

GSA has made available the cost benefit the Federal Government receives to local, county and state government entities. This program, initiated is intended to aid non-Federal Governments in being prepared for counter-drug, homeland security and emergency response activities. GSA's 1122 program allows state and local governments the opportunity to take advantage of the purchasing breaks available to the Federal Government and receive discounts commensurate with large volume purchases. The program also gives state and local governments the advantage of being able to procure materials from contractors directly.

As a provider of professional Audio/Video equipment through GSA under schedule 58, Spinitar supplies the US military and Government agencies with a wide array of AV products and services that are now available to state and local governments through the 1122 Program.

Available SINS allowing for turnkey AV/VTC solutions through the 1122 program:

58-1 Recording and Reproducing Video and Audio Equipment, Including Spare & Repair Parts, and accessories

58-4 Audio Equipment, including Spare & Repair Parts and Accessories

58-8 Professional Audio/Video Assessment, Design and Integration

Additionally, Spinitar is an international AV integrator specializing in the designing and building of briefing/conference rooms, command, control and emergency operations centers (EOCs). With our work experience in EOC's we are experts at the layout and design of EOC's from a "human factors" standpoint and visual information/sharing perspective.
